ADULT BAKED SPECIALTY CAKE

ENTRIES DUE: Thursday 12:00–1:00pm

JUDGING: Thursday 1:00pm

GENERAL RULES:

1. All entrants must follow the provided recipe: French Vanilla Cake
2. Open to Logan County Residents over the age of 18
3. Entrants will bake and ice the cake per the supplied recipe
4. Presented on a regulation round with cover
5. French Vanilla Cake

INGREDIENTS

For the cake:

1. 2 ⅔ cups all-purpose flour
2. 2 ½ teaspoon baking powder
3. 1 teaspoon salt
4. 1 3.4 oz small box dry instant French vanilla pudding mix
5. 1 cup French vanilla coffee creamer (I get this from the refrigerated section. It's the creamer in the milk section, not the dry powdered creamer. This really pumps up the flavor and the moistness, but if you don't have this, replace with half & half cream, heavy cream, or whole milk)
6. ½ cup whole milk
7. 2 tablespoon oil
8. 2 teaspoons French vanilla extract (French vanilla extract adds a different type of vanilla flavor than regular extract, but if you don't have it or can't get it, you can use regular vanilla extract instead in the same amount)
9. 1 cup butter (slightly cooler than room temp)
10. 1 ⅔ cups sugar
11. 3 large eggs

For the buttercream:

1. ¼ cup milk
2. 2 tablespoon dry French vanilla pudding mix
3. 2 cups butter (room temperature)
4. ¼ teaspoon salt
5. 7 cups confectioner's sugar
6. 1 teaspoon French vanilla extract (If you can't get this, you can substitute with regular vanilla extract)
7. ¼ cup French vanilla coffee creamer (If you don't have this, you can substitute with cream or milk)

INSTRUCTIONS

For the cake:

1. Preheat the oven to 325 degrees
2. Grease and flour two 8" round cake pans and set aside
3. In a bowl, combine the flour, baking powder, salt and small package of dry instant French vanilla pudding. Whisk well and set aside
4. In another bowl, add the French vanilla coffee creamer, milk, oil and French vanilla (or regular vanilla) extract. Whisk well and set aside
5. In a large mixing bowl, add the room temperature butter and mix on medium until smooth. Add in the sugar and mix on medium and then on medium high for several minutes until light and fluffy
6. Add in the eggs one at a time and mix on medium just until combined. Only mix until the egg is just incorporated. Try not to over mix. If your eggs are super cold, your batter may look a little curdled at this point, but just keep going
7. Scrape down the sides of the bowl and mix again on medium, just until everything is incorporated

Continued on next page

8. Alternately add in the flour mixture and the liquid mixture. Starting and ending with the flour mixture. (Add in ½ of the flour mixture and mix on medium just until combined. Add in ½ the liquid mixture, mixing only until combined. Add in another ½ of the flour mixture, mixing only until combined. Add in the last of the liquid mixture, mixing only until combined, then the last of the flour mixture and mix until combined)
9. Scrape down the sides of the bowl and mix again until well combined. You only want to mix until well combined, which is about 15 seconds. Mixing for several minutes is too long for a scratch cake
10. Divide batter into the prepared pans. Batter will be quite thick so just spread it around evenly in your pans
11. Bake at 325 degrees for approximately 55–60 minutes. The cake will be a little darker than the normal golden brown. Insert a toothpick somewhere in the middle and a few moist crumbs should stick to the toothpick
12. Remove from the oven and cool in the pan on a wire rack for about 20 minutes, then turn out onto a rack and cool completely before adding buttercream

For the buttercream:

1. In a small bowl, add the milk and the two tablespoons of dry french vanilla pudding mix. Whisk well and set aside
2. In a large mixing bowl, cream the butter well for a minute or two on medium/low to medium speed
3. Add in 3 cups of confectioner's sugar and the salt and mix on low until incorporated and then medium until well mixed
4. Add one tablespoon of French vanilla creamer and mix on low, then medium until incorporated

5. Add the last four cups of confectioner's sugar and mix on low until incorporated and then medium until well mixed
6. Add in the milk and pudding mixture plus the vanilla extract and mix on low until incorporated, then on medium until well mixed
7. Check the consistency. If it's too thick, add another tablespoon of the French vanilla coffee creamer and mix again. You may need to add more cream, or milk to get the correct spreading consistency
8. Once you reach the consistency desired, beat on medium speed for a couple minutes until fluffy, then spread onto cake

**The Junior Fair Livestock Sale Committee has the right to change or modify the sale order, if needed.*

SECTION 2

Junior Fair livestock sale exhibitors may sell up to one (1) market animal in the auction. The Livestock Auction Committee will attempt to secure a base bid for animals that do not go through the sale ring. If we receive no base bid for chickens and turkeys, the exhibitor is responsible to take the animal(s) home. Grand and Reserve Grand Champion animals are terminal and must be sold through the livestock auction (See department rules for exceptions). Grand and Reserve Grand Champion animals count as the exhibitors' one animal through the auction. If you have any questions, contact the Auction Committee. Replacement of animal(s) is prohibited.

SECTION 3

Every Junior Fair livestock exhibitor must determine and document the designation of their market animal on a "Destination Form" within one (1) hour after their respective livestock show. Animals not designated within one (1) hour will be sold for base bid. Destination forms will be available at the announcers stand in the Show Barn and must be turned in to the Junior Fair Office.

Destination Options include:

1. To be sold at the livestock AUCTION for a premium (plus base bid). This is the exhibitor's one-time through the auction
2. To be sold for BASE BID to a packer (for additional animals not going through the auction) OR
3. Take HOME (With exception of goats – see department for specific guidelines)

SECTION 4

The Grand and Reserve Grand Champion steers, lambs, hogs, and goats must be sold and slaughtered, per ODA requirements at a processing facility chosen by the Livestock Auction Committee. Dairy Feeders may but are not required to sell. Beef Feeders will not sell.

SECTION 5

All rabbit meat pens going through the livestock sale must be consigned, if the buyer does not want the animals. The project may not be removed from the fairgrounds by anyone, except Senior Fair Board Directors, for any reason. These animals cannot be shown at any other fair and may not be used as a breeding project at next year's fair, per ODA rule.

SECTION 6

The ordinary rules of auction sales will apply. Parents and members of the household of the exhibitor cannot bid as an individual may not bid as an individual. They may however, bid as a registered business. Members of the household are considered to be parents (guardians), siblings; including step siblings.

SECTION 7

Exhibitors or family members on behalf of the exhibitor are not permitted to ask buyers to bid on/purchase their animal at the Livestock Auction. Building a relationship with your potential buyer(s) should take place well before fair. Anyone found or reported doing this will result in the exhibitor being fined \$50, which will be deducted from the net proceeds of their auction check.

SECTION 8

Exhibitors are expected to thank their buyers with a personal visit or thank you note. Consideration should be given to thanking losing bidders as well. It may benefit the exhibitor in the future. Exhibitors are also encouraged to thank buyers with a handshake and/or token gift (baked goods, favorite beverage, etc.) once the animal has sold and left the sale ring. Please be respectful and not disrupt buyers if they are actively bidding.

SECTION 9

The Group Buyer Card is to be used by buyers only when organizing several bidders to share in the purchase of one animal. Junior Fair livestock exhibitors are not allowed to have these cards.

SECTION 10

Minimum bid at the auction is \$50.

SECTION 11

A percentage of the exhibitor's auction proceeds will be deducted for auction operating expenses, building improvements and support of other State and Federal livestock programs. Deductions will be as follows:

SECTION 13

Exhibitors are responsible for continued care of their sold livestock until released by the Livestock Auction Committee. Auction animals will be released to livestock buyers/packers at a time determined by the Livestock Auction Committee. Once livestock is released it becomes the responsibility of the buyer/packer.

SECTION 14

Livestock buyers must inform the ring men, after a winning bid, how they want their livestock handled. Options include:

1. Processing by a local butcher for personal consumption. Buyers should arrange, well in advance of the auction, an appointment for processing. Buyer will be responsible for the premium bid and the market base price in addition to any processing fee imposed by the butcher OR

SECTION 16

If an animal carcass is rejected at the packaging plant, for any reason, the exhibitor will be disqualified from the current year's exhibition resulting in the loss of any award(s), placing(s) and auction proceeds.

2. Dairy Feeders going home cannot participate in any auction
3. The dairy feeder's base bid will be added to the exhibitor's premium bid
4. Exhibitors who show two dairy feeder calves can obtain a base bid for both calves if they choose to sell both. However, only one feeder can go through the Junior Fair Livestock Auction for a premium
5. Buyers who want to purchase a dairy feeder will need to do so at the base bid auction. Each calf will receive its own bid
